**Objectives — At the conclusion of the activity, participants should be able to:**

- ◆ Employ communication strategies on a daily basis to aid parents in making a decision to vaccinate their children against HPV
- ◆ Answer frequently asked questions about HPV vaccination with accurate, succinct, compelling responses
- ◆ Explain the critical role of health care team communication with families to increase HPV series completion
- ◆ Report correct storage and handling practices for HPV vaccine

***Time for your questions and answers***

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Pittsburgh School of Medicine and the Pennsylvania Chapter of the American Academy of Pediatrics. The University of Pittsburgh School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Pittsburgh School of Medicine designates this live activity for a maximum of one (1.0) *AMA PRA Category I Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other health care professionals are awarded (0.1) Continuing Education Units (CEUs) which is equivalent to 1.0 contact hours.

Faculty for this activity have been required to disclose all relationships with any proprietary entity producing health care goods or services, with the exemption of non-profit or government organizations and non-health care related companies.

**Relevant financial relationships with commercial entities were disclosed by** Dr. Humiston: University of Pittsburgh unpaid work on research grant from Pfizer, Consulting for the Immunization Action Coalition, and speaking to the Health Services Advisory Group, Inc. No relevant financial relationships with commercial entities disclosed by Dr. Almira Contractor.

**This webinar is supported by grants from the American Academy of Pediatrics and the Pennsylvania Department of Health Vaccines for Children Program.** Webinar content does not necessarily represent the official views of AAP or the PA Department of Health.

*We encourage participation by all individuals. Advance notification of any special needs will help us better serve you. Please notify us of your needs at least two weeks in advance of the program.*
