## **PLANNING YOUR EVENT**

All Satellite events must be held at the conference facility. PAFP staff will secure space for your event. Please do not contact the facility to secure space. **Once your application has been approved, we will reserve event space for your symposium.**

**On-Site Registration – A separate registration area/staff is not always necessary unless you require such and if so, this should be handled by you.**

**Entertainment** - To maintain the focus on education and the research being presented, no entertainment or performance, live or otherwise, may be offered before during or after your event.

**Signage** - PAFP staff will gladly place your signs appropriately if shipped to the facility in advance if you have something specific you'd like to use. Otherwise, we will put a sign out identifying your symposium.

**On-Site Materials** - Please submit all handouts and slides by the stated deadline in the timeline that will be sent to you upon approval of your application. For CME Events only: Please see ACCME guidelines.

**For CME events only: (Skip if not applicable)**

## **COMPLIANCE POLICY**

The PAFP strictly adheres to all AAFP CME policies and guidelines. Please review these policies at [www.aafp.org](http://www.aafp.org)

**Commercial Support Guidelines** - Commercial support can contribute significantly to the quality and accessibility of CME activities. The PAFP as a chapter of the AAFP requires that CME providers whose activities are accredited for AAFP CME credit comply fully with the ACCME Standards for Commercial Support, [www.accme.org](http://www.accme.org) for the guidelines. Non-compliance with these guidelines for a CME Satellite event will disqualify you from further participation at PAFP Foundation activities. **CME providers are responsible for assuring all educational partners (activity organizers and commercial supporters) are knowledgeable about the guidelines and are committed to full compliance in their roles as well.**

To protect the integrity and the quality of Satellite events and to ensure a successful outcome for all involved parties, the PAFP requires each Satellite Event provider to agree that they, their employees, facilitator(s) (if applicable), activity organizers and supporters observe all applicable AAFP, ACCME and AMA guidelines. Events will be monitored for compliance and penalties will be cited for, including, but not limited to, the following situations:

- Presenting content that is commercially biased, imbalanced, or scientifically unsound.
- Failure to make appropriate written disclosures of relationships to participants prior to beginning the activity.
- Failure to resolve conflict of interest prior to beginning the activity.
- Failure to maintain appropriate independence from the promotional goals and activities of supporter(s).
- Presenting a CME activity that involves sales or promotion or promoting products for unapproved uses.

These infractions will result in the provider being placed on a one year suspension with ineligibility to participate in any Satellite events during the next year's program and/or permanently losing the privilege of participation in future Satellite events

If a violation is noted, the PAFP will issue a written notice outlining all infractions and consequent penalties to the provider, the entity responsible for the event. The provider will be instructed to send letters to the organizer and supporter outlining the infractions and penalties and reviewing the importance of presenting unbiased, balanced, and scientifically sound content with full disclosure, resolution of conflicts of interest and appropriate independence from the promotional goals and activities of supporter(s).

If a provider is suspended and later merges with another organization, the suspension status remains in effect with the newly merged organization until the provisions for reinstatement are met.

The PAFP reserves the right to terminate an event at its discretion. In the event of such restriction or eviction, the PAFP will not be liable for any refunds, rentals, program or other related expenses. Further, PAFP reserves the right to reject any applicant for a symposium or product theatre in its sole discretion.

**Faculty Selection** - The CME provider is responsible for securing your faculty, and for communicating the requirement regarding all guidelines. **Please send a copy of the faculty confirmation letter communicating the above information to the PAFP one month prior to your scheduled event.**

**After-Product Enduring Material** - If you wish to offer AAFP Prescribed credit for the activity, an *Application for Approval of Enduring Materials for CME Credit* will need to be submitted to AAFP. Fees apply. **No reference may be made to the PAFP CME when promoting the new CME activity.**

**PAFP SYMPOSIUM OR PRODUCT THEATER APPLICATION**
